EXPERIENCE

Software Engineering Intern - Big Bazaar

Remote

Riipen

Feb 2026 – May 2026

- Developed dynamic product filtering with Apply and Clear logic using React state management.
- Implemented multilingual support (English/French) using i18next for scalable internationalization.
- Collaborated in Agile workflow using Git and GitHub for feature-based development.

Inventory Assistant – SPAR Canada

Brampton, ON

Walmart Logistics

May 2025 – Present

- Worked with structured inventory datasets to validate, reconcile, and correct discrepancies between purchase orders, shipment records, and physical inventory using internal systems and Excel.
- Supported renovation and reset projects for multiple Walmart store locations Stores (#3053, #3097, #1120, #3037, #1211) by preparing, validating, and tracking inventory allocations.

TECHNICAL SKILLS

Languages: C#, SQL, Java, JavaScript, Python, C++

Frameworks & Libraries: .NET 8, ASP.NET Core, Entity Framework Core, React

Cloud & DevOps: Azure, Git, GitHub, Docker (basic), CI/CD

PROJECTS

Inventory Management System

- Created a full-stack inventory management application with React, ASP.NET Core Web API, Entity Framework Core, and SQL Server, allowing users to manage goods, suppliers, and stock numbers.
- Implemented JWT-based authentication, role-based authorization, and inventory transaction tracking to provide safe access and accurate stock records.
- Designed a modular React front-end architecture using HTML, CSS, and JavaScript to improve scalability and maintainability.

NutriStack Calorie Tracking Application

- Developed a full-stack calorie monitoring web application using React, ASP.NET Core Web API, Entity Framework Core, and SQL Server, enabling users to log meals, track daily calorie intake, and maintain nutrition records.
- JWT-based authentication, RESTful API endpoints, and third-party nutrition API integration were used to provide secure user access, real-time nutrition data retrieval, and efficient calorie counting.

EDUCATION

TORONTO METROPOLITAN UNIVERSITY

Toronto, ON

Bachelor of Engineering in Computer Engineering (Software Engineering), Minor in Computer Science & Business

2021 - Present

LEADERSHIP & INVOLVEMENT

Toronto Metropolitan Formula Racing (AutoCAD Design & Vehicle Testing)

Team Member

Jan 2023 - Dec 2024
